

International Alliance of ALS/MND Associations

Partnership Program

MND Association of South Africa

We are presently updating our info booklets for our patients and would appreciate your input of any new information available.

Any updated information, hints and tips which would be of benefit to our patients.

Transcripts of discussions etc from the International Alliance Annual Meetings as we do not have the financial means to attend all the Symposiums

Updates of new medication or research available

Visual / Audio training tapes for nursing staff/carers on how to handle MND patients
