

ASK THE EXPERTS SESSION
5 December 2016
Convention Centre Dublin

Join us for an afternoon with three experts in the field of ALS/MND care and research. All community members are welcome, free of charge.

2:30PM Clinical Trials in ALS/MND: Where Are We Now?

Dr. Jeremy Shefner, MD, PhD

Kemper and Ethel Marley Professor and Chair of Neurology and Senior Vice President of Barrow Neurological Institute

3:00PM Stem Cells: The Hope and the Hype

Dr. Jonathan Glass, MD

Professor of Neurology and Pathology at Emory University School of Medicine;
Director of the Emory ALS Clinic

3:30PM Project MinE: The New Genetics of ALS/MND

Dr. Jan H. Veldink, MD, PhD

Professor of Neurology and Neurogenetics and Head of the Human Neurogenetics Unit at University Medical Center-Utrecht

4:00-4:30PM Extended Q & A Session

This session will be live-streamed for members of the community not able to join us in-person. Questions can also be submitted via Twitter. Please tweet at [@alsmndalliance](https://twitter.com/alsmndalliance).

Special thanks to our live-streaming sponsor:
